How It Works

Exodus Lending refinances predatory loans, this includes payday, pawn, title, and online installment loans; almost anything over a 36% annual interest rate.

We pay off the debt to the lender, offer flexible repayment plans with no interest or fees, and report payments to all three credit bureaus.

We refinance loans with annual interest rates over 36% and payoff amounts under \$1500 for people who live in Minnesota & have a steady source of income.
(e.g. paycheck, social security, benefits)
